### 1 - What are the strengths and weaknesses of Eugene Tan (discussion section leader, lab section leader, grader) as an instructor, and how might Eugene Tan's teaching be improved?

Response Rate	15/103 (14.56%)
<ul style="list-style-type: none"> <li>Eugene is a real one.</li> <li>Eugene is a great TA! His recitations are very clear and helpful. Also, he would monitor the chat during lecture and would always answer questions / clarify info.</li> <li>He is engaging and is willing to grapple with the material with each student. I can't think of anything that might improve his teaching that wouldn't qualify as some form of micromanagement.</li> <li>Great. Sometimes slides messy but he is great.</li> <li>patient, explains things very well</li> <li>10/10 Honestly just god-like with clear recitations and slides.</li> <li>Eugene is the most friendly TA. He is really invested in making sure the students understand the content and is always open to answering questions. He watches lectures live and answers questions in the chat for us. I think Eugene goes above and beyond. He was always encouraging and smiling and made recitation enjoyable.</li> <li>Eugene is one of the best TAs I've had! His recitation slides and notes are very helpful when learning new concepts and doing the problem sets. He is also very responsive to emails, which is much appreciated!</li> <li>Smart and available.</li> <li>Eugene is the best.</li> <li>he is great at explaining things</li> <li>Eugene is the 2nd best TA. He was very clear and deliberate in his communication of the material. The only downside for him is that he prepares the problems for recitation in a Word document beforehand which can be nice because of clarity, but makes it difficult to see how steps come together because he does not write them out.</li> <li>amazing TA, teaches very well, is very thorough, knows how to teach, powerpoints are organized and spot on.</li> <li>My favorite TA, he's very knowledgeable and good at explaining. He's one of the few TAs I've had that actually seems like he cares about our understanding, instead of treating recitations and OH as a burden.</li> <li>Detailed covering of material, steps he takes in solving problems are clear. Sometimes difficult to read handwriting online.</li> </ul>
